

Caitlin's Feedback

Now for some positive feedback about my visit in point form (some of it I have said before)

- * I was flattered & turned on by your comments & complements about me & my best photos.

- * I was amazed at how good I looked after you transformed me & trying to practice what I learnt. Looking in the mirror, I thought I looked more like my mum. I also thought I looked like a model, Asian celebrity (especially like one of the ones from Japan), and a high class escort.

- * The look that you helped me achieve was at least one notch up from what my best photos had at the time.

- * You were great to talk to & fun to hang out with. You possessed a lot of skill & experience in transforming cross-dressers. Your apartments were well equipped with a very large collection of shoes, breast forms and other things that cross-dressers need. You were able to give me several interesting looks and lots of advice on how to improve my cross-dressing skills.

- * You made me feel lucky & special because I was the first person to try on some of the new shoes and clothes that you got at the time. I thought I was even more special when I found out that I was the first person that could fit into your new small bustier and that sheer dress that no one else could fit into at the time.
