

Wow... Wow... Wow! You are a magician Ophelia; I can't believe what you have managed to do to an old senior! All the photos are terrific but I especially like sequence 4 with the shorter hair... definitely what I will wear for our future dinner date!

Thank you for being such a delight to be with, while I was looking forward to the transformation I also was a little bit unsure about how it would turn out but with you at the helm there was no cause for concern! It was a magic afternoon!

Thanks again, take care of yourself, your students are very lucky people!
